Learning from a Legend
MANUAL PROCEDURES and METHODS PROGRAM

This is an 8 hour, hands on course presented by **Stanley Schiowitz D.O., FAAO**. The physician need not be practicing manipulation as a specialty in order to incorporate these methods into their practice. It is not an introductory course in F.P.R. but will demonstrate how to improve the methods presently being used, making the results more specific while creating greater efficiency in time and effort expended. In addition, new methods and techniques will be presented. **Facilitated Positional Release** is an easily utilized, non-traumatic, effective, time efficient approach to the diagnosis and treatment of osteopathic somatic dysfunction.

Location of workshop:
Eckelberger Tower Community Room
156 Corliss Avenue
Johnson City, NY

If you have any questions call 800-841-4131 or email nysoms@nysoms.org
